### **Being a Journalist in China**

We all know that there is media censorship in China, but how does it actually work? Does it censor everything that is sensitive or critical of the government? If not, where is the line? Is the media as severely censored as many think? This talk presents a quick tour of how much freedom Chinese journalists have as in real reporting life. We will discuss how journalists in China play a game of balance, to maximize their reporting freedom while avoiding crossing the line.
