

THE THINKERY - EVERYTHING IS INTERESTING, NOTHING IS ALLOWED

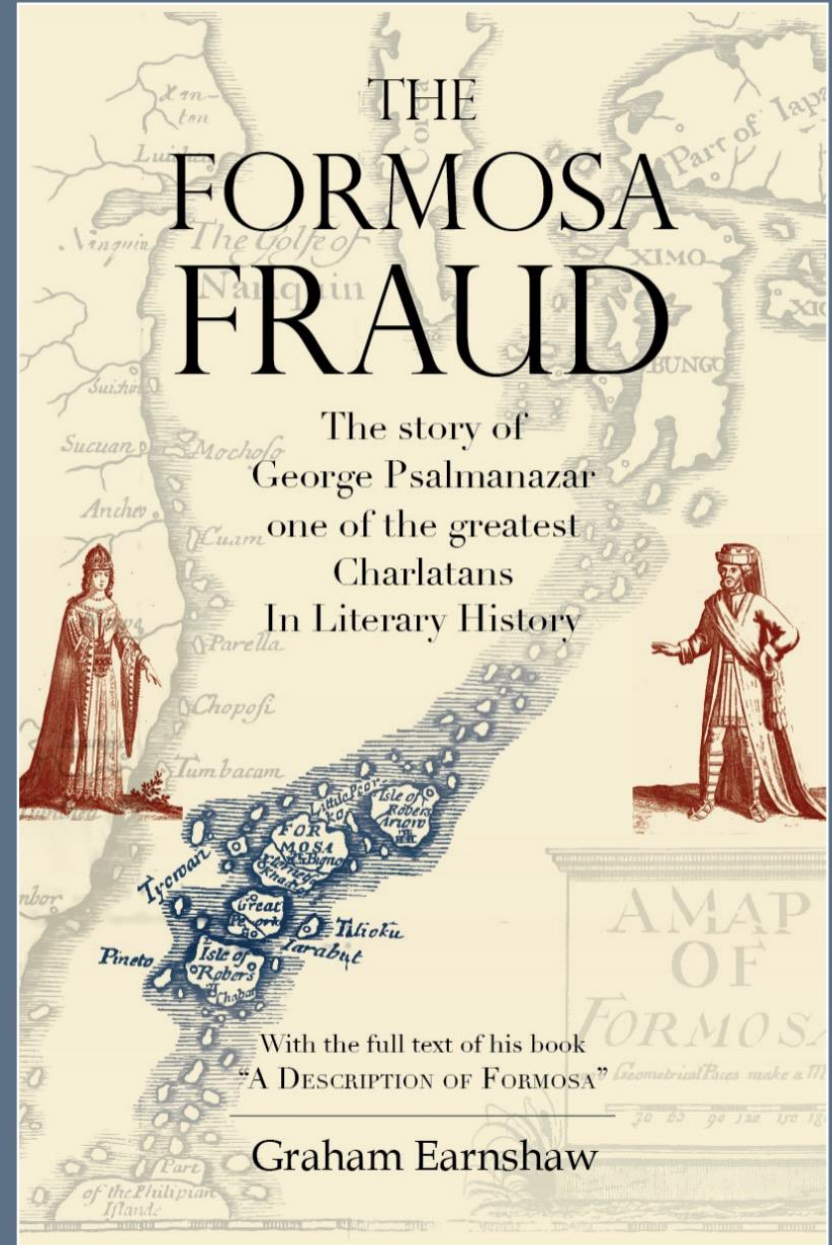

The Formosa Fraud

Graham Earnshaw presents his new book, revealing one of the greatest scams in literary history, and discusses its implications in terms of “fake news”, Donald J. Trump, and operating effectively as a human being.

March 29 | 7.30pm | The Fix, Jiashan Lu

Graham, the founder of Earnshaw Books, has published around 80 books, and written a dozen or so himself. The Formosa Fraud is only the second he has self-published. He will, as usual, test the crowd's patience by ending the talk with a song or two.
