# **EU and China: The making of global players in a changing world order**

**Xavier NUTTIN**

Senior Analyst in the Policy Unit of the Directorate General for External Relations of the European Parliament

---

The 19th Shanghai Social Studies Colloquium welcomes Xavier NUTTIN, Senior Analyst in the Policy Unit of the Directorate General for External Relations of the European Parliament, to talk about suitable frameworks of cooperation between China and the EU.

In the face of international uncertainty, Europe and China should enhance cooperation featuring mutual benefit and win-win results. Economic globalisation and global economic governance significantly depend on the EU-China strategic partnership. Xavier NUTTIN will highlight possible areas of cooperation on the global stage, and discuss obstacles and how we can overcome them together.

The 19th Shanghai Social Sciences Colloquium is inviting you to join another thought-provoking discussion on the future of EU-China partnership.

We hope to see you there,  
Frank TSAI & Max RECH
