An aerial, high-angle photograph of a complex multi-level highway interchange in a city at night. The roads are illuminated by streetlights, creating a network of light and shadow. The background shows a dense urban skyline with many lit-up buildings.

Drawing on his many years of experience as head of Abacare Insurance in China, Jonathan Chapon will relate stories from his own work with people with medical emergencies in China and help us understand how to handle hospitalization, evacuation/repatriation, and insurers if it happens to us.

[Jonathan Chapon](#) is China General Manager and Global Chief Marketing Officer of Abacare. Born and raised in France, he has spent most of his professional career in China. After graduating from a business school in France, he first came to China as an international student in 2007 and later joined Abacare, where he has worked for 12 years. One of the leading international insurance brokers, Abacare has for 25 years advised on and delivered custom solutions for companies and individuals in medical, life, and general insurance. Jonathan is specialized in health insurance, and has advised many individual and companies in China, from large corporations to SMEs, helping them to establish or optimize their employee benefits.

[China Crossroads](#) hosts talks on all topics related to China, including business, foreign policy, and other areas as they relate to China, the idea being that China is both already a “crossroads” of the world and itself at a “crossroads” in terms of its future global influence. For more information, contact Frank Tsai at editor@shanghai-review.org.
